

Special Meeting
May 21, 2019
Landfill Closure

Present

Buzz Surwilo	VT DEC
Pete DeGraff	OCE
Tera Kuczyński	ACSWD
Sid Hutchins	Landfill Manager
Paul Vaezy	
Shela Courson	
Jonathon Blake	
Pedie O'Brien	

The focus of the discussion pertained to closing the landfill on Labor Day. Pete DeGraff spoke about Design/Build vs the Bid Process and will investigate further. The first step in the process is contracting with an engineering firm and bringing maps up to date. There was discussion of topping material OMYA talings vs clay as well as the ability of accessing the OMYA product by potential contractors as well as Casella. Buzz Surwilo and Pete DeGraff will contact each other to gain more information regarding closure to disseminate to the Selectboard at a future meeting.
