

Salisbury Planning Commission
Minutes of the March 16, 2026 Meeting

Members present: Ariell Slater, Barrie Bailey, Morgan Cate, Deb Brighton

Ariell called the meeting to order at 7:00 pm. Members tried various ways to connect to the internet, but were unable to do so.

The main purpose of the meeting was to discuss the changes to the draft regulations that had been proposed after the Select Board's hearing. The only additional changes agreed to were:

- making sure the performance standards prohibited development that would create a safety hazard
- clarifying that the interior areas in the Rural Ag districts could be either ag or forest

The next steps will be: incorporating all the changes accepted by the select board and planning commission; asking the ACRPC for a final map (changing the title); finalizing the grant reporting and payment.

Barrie will check on the updating requirements for the Energy Plan.

The April 6 meeting will be a short discussion with the Zoning Administrator about the changes that will affect his work.

The May 4 meeting will be a discussion of the area between the village and the lake, as well as a celebratory dessert.

Review of the minutes from the previous meeting was postponed because there was no internet access.

The meeting was adjourned at 7:50.
