**Preliminary Notice of the Results of the 2024 Reappraisal**

The Town of Salisbury contracted with New England Municipal Consultants, Ltd. (NEMC) for a complete reappraisal of all real estate within the town for the 2024 Grand List. As a portion of that contract NEMC is required to hold informal public hearings to discuss the new proposed values with property owners. This booklet is a presentation of the proposed 2024 values. **This notice does not constitute the beginning of the legal grievance period. You will be officially notified of your Grand List value in June.**

The enclosed proposed valuation list is ordered by location. The list contains the parcel number, owners name, the property location, the total acreage, your prior (2023) grand list value and the proposed 2024 grand list value. **Please note that 2024 values are not adjusted for current use. Current use adjustments will be applied prior to billing.**

The last full reappraisal completed in Salisbury was in 2012. In May of 2023, NEMC began an inspection program to collect information on the homes and businesses in Salisbury. Upon completion of the property inspections, the senior project manager established new values for all property by analyzing the sales of property within Salisbury. The results were applied to the appraisal of land and buildings in Salisbury. The project supervisor and staff reviewed the appraisal for each property, checking locations, grades, condition, and topography for each property.

The Listers have given preliminary approval to the project. The next step is for the property owners to informally discuss the new appraisal with the staff of NEMC. In this process, you, the property owner, can sit and discuss the new value, the reasoning behind it, and the data used to arrive at the new value. The key to the process is a discussion of fair market value. Vermont law states that all taxable property in the State be appraised at fair market value and be listed at 100% of that value. Fair market value can best be described as the value you might reasonably expect to receive upon the sale of your property in a fair, considered transaction.

The enclosed proposed value is an indication of the market value of your property as of April 1, 2024. Please be aware that there are only three ways to change your new assessment.

1. The new value is not a fair market. Simply, you feel your property is not worth what the new assessment has been set at.
2. The property is not fairly assessed when compared to other similar property. When you compare your property to reasonably similar property, in a similar location, you should see that the assessments are similar.
3. There are errors in data in your record. You can get a copy of your record at the hearing or before from the Board of Listers.

If you feel that the proposed value is not a fair indication of market value for your property, you must schedule an informal meeting with NEMC representatives. You will be given the opportunity at that meeting to potentially adjust your value based on the market value of the property. You should be prepared to compare your property to other similar homes, bring data about the condition of your house or land, or bring any appraisal or sale documents you may have. The process is meant to be informal and informative. The goal is to have fair and equitable property values for all.

Each hearing will be scheduled for 10-15 minutes. You will be provided with a copy of your new property record card. NEMC representatives will make notes and view the property later if needed. You will be notified of any change through the grievance notice you receive in June.

The informal hearings will be held beginning on May 9, 2024. Daytime and evening hours will be available. Please call the numbers on the inside cover of this report.

If you cannot attend a meeting, please send your information to the Listers Office to support your contentions. The address is.
